

*Our Life! Something we do with purpose.  
Live well, eat well and work at something  
important to us.*

*Community Natural Foods values who we are,  
not just what we do. It's a place where we can  
live by our own values.*

# Live Your Values

**Food for thought.** You support socially and environmentally sustainable agriculture. Do you have the perseverance and work ethic to stand behind these values? We invite you to do so, and will pay you a fair wage to do it. At our locally owned and operated stores, over two hundred people are making family farming possible, encouraging the organic movement and supporting ethical food supply. Let's roll up our sleeves and get to work!
